**Note:**

Having many international exchanges, we use the EMS/GEMS codes (Easy Mind System of FIFe and GCCF) to indicate the colours/breeds of cats in our lines. These codes are very convenient and simple and their description can be found at [http://fifeweb.org/wp/breeds/breeds\\_ems.php](http://fifeweb.org/wp/breeds/breeds_ems.php) and <http://www.gccfcats.org/Portals/0/GEMScore.sheet.pdf>

The cats described as SIA are pointed and would be registered as Siamese in most registries. In CFA and CCA, these cats may be Siamese, Oriental Shorthair or Colourpoint Shorthair, depending on the colour and pattern of the points. The cats described as SYS are pointed with white; GEMS classifies them as SIA.
